THE POLITICAL SCIENCE QUARTERLY

The Quarterly is published by the Academy and edited by the Faculty of Political Science of Columbia University. It it is devoted to the historical, statistical and comparative study of politics, economics and public law.

Its list of **contributors** includes university and college teachers, politicians, lawyers, journalists and business men in all parts of the United States, and European professors and publicists. It follows the most important movements of foreign politics but gives chief attention to questions of present interest in the United States. On such questions its attitude is nonpartisan. Every article is signed; and every article, including those of the editors, expresses simply the personal view of the writer. Each issue contains careful **book reviews** by specialists, and large numbers of recent publications are characterized in brief **book notes.**

Communications in reference to articles, book reviews and exchanges should be addressed: **Managing Editor, Political Science Quarterly,** Columbia University, New York City. Intending contributors are requested to retain copies of articles submitted, as the editors disclaim responsibility for the safety of manuscripts. If accompanied by stamps, articles not found available will be returned.

The Academy supplies the Quarterly, and the Proceedings of the Academy, to all its members and subscribing members (libraries, institutions, etc.) who pay five dollars annual dues. The publications of the Academy are sold to non-members as follows: single issues of the Proceedings, $2.50; single issues of the Quarterly, $1.00. Prices on back numbers and bound volumes will be quoted on request.

All business communications should be addressed to THE ACADEMY OF POLITICAL SCIENCE, Fayerweather Hall, Columbia University, New York City.
